TSYS KioskPASSSM

The Next Generation in Financial Self-Service Solutions

TSYS is committed to delivering innovative payment applications to advance its mission to move any payment form, anywhere, over any network, through any payment device.

Services that Meet Your Needs

TSYS KioskPASS offers enhanced financial services that include ATM functionality, check-cashing, bill payment and mobile top-up. This

KioskPASS is one in a series of payment applications offered by TSYS as part of its **n>genSM** initiative for innovation. It is made possible by leveraging the power of Infonox® technologies.

multi-function, self-service solution combines superior technology and flexible service offerings with TSYS' elite transaction processing and complete 24/7 support.

Generate Employee Benefits with No Financial Obligation

Create a new employer advantage with no capital investment by adding a TSYS-deployed financial services kiosk to your employee benefits package. Let TSYS bear the cost and burden of the kiosk hardware, software, and ongoing support and maintenance.

A True Engine of Convenience

KioskPASS employs a seamless, easy-to-use, touch-screen interface that engages new users and encourages repeat users. The kiosks are readily available 24/7, giving employees the opportunity to conduct their financial affairs when and where it's convenient.

Offer Value-Added Service to Employees

Provide employees with a hassle-free, money-saving service, and they will thank you. With an on-site, self-service financial kiosk, your employees can cash checks, pay bills, and complete ATM transactions — with competitive fees — in a secure environment.

Consider the following: An estimated 25.6 percent of U.S. households, representing 60 million adults, are either unbanked or underbanked, and regularly use non-bank financial service providers to handle their basic financial needs.¹

Check cashing is just one of the many self-services available.
